Developing your leadership capability?

Becoming a more effective leader involves delegates in a complex process of changing behaviours, based on an understanding of leadership and on the development of a range of personal and interpersonal skills.

Simply understanding what leadership involves, or developing insight into the effect of one's own emotional state or values on decision-making, or being good at communicating with others is not sufficient, although each is a necessary component of any leadership role.

It is the synthesis of this that enables effective leaders to recognise the effect of their own behaviours on other people and on the organisation, and to manage those behaviours to achieve the goals that they have agreed.

Our CMI Level 7 Award and Certificate in Strategic Management and Leadership development programmes place great emphasis on developing this ability; if you are to continue to improve your performance beyond the programme – hence the [results driven focus](#).

Developing your leadership capability is an important characteristic of all successful leaders that they can reflect on their experiences and learn from them – effective leaders are not afraid of making mistakes, only of repeating mistakes.

The ability, to learn and develop, is integral to CMI Level 7 Award and Certificate in Strategic Management and Leadership.

The CMI Level 7 Award in Strategic Management and Leadership consists of one assignment which is [Strategic leadership](#), the Certificate has 2 assignments, [Strategic leadership](#) and [Implementing organisational change strategies](#), the first of which involves delegates developing the skills of the strategic leader and the second in driving through change in your respective organisation post course.

Open residential courses in the Lake District with Results Driven Group

What makes the results driven experience different from any other residential course?

Firstly we will start with the location...

The northern Lake District around Keswick and Derwent Water is arguably one of the most beautiful areas in the UK. It does not matter which time of year you are there, the panorama is always changing and the views are always stunning.

Secondly we use nature as a metaphor for learning...

We believe that you think and work differently according to the environment you are exposed to and work in. We use all of the elements of nature to enhance the learning experience and take you out each day to experience outdoor learning...😊

All of the activities we use are safe and are tailored to the capabilities of each group.

Earth – the landscape around us, the Mountains, Valleys and different vistas according to the seasons.

Air – the different forces that the wind can create and the effect on the landscape that it has is awe inspiring!!

Fire – the strength of the sun and difference it can make to a view or an experience or how you feel allows you to reflect and look at things from different perspectives.

Water – the lakes and the rain, the background vistas that you can embrace in the different seasons make this a stunning place to learn.

Client testimonial

Fantastic way to learn and improve your skills. Environment unbelievable, enthusiastic trainer and the chance to meet an interesting group of people to exchange views and theories.

Debbie Frisker

Thirdly, the delegate experience is completely different...

On any other residential course you would turn up at 09.30, do the course work and then go back to your hotel at 16.00. As part of the programme we spend time learning together, undertaking activities together, eating together and most of all having FUN. One delegate recently described this as homeliness and that he has never come across this type of experience before on a training course.

Client testimonial

A fast moving inspirational course which utilises a range of teaching methods in beautiful surroundings...

Lisa Aitken

Finally the networking aspect...

This is something you can never recreate on a closed course. When you mix up clients who come from the public, private and third sectors, who have had completely different life experiences, different perspectives of how things work and job roles, then anything can happen!! It is usually pretty special and we have seen long lasting friendships developed over the time spent with us in the Lakes.

Your accommodation and catering...

We have 2 beautiful houses in Keswick where you will have your own bedroom. We also provide breakfast and light refreshments each day. Lunch and dinner are not included in the cost but there are many options in Keswick to buy snacks or enjoy meals out.

If you would like to see the properties, then please visit; www.newlandshousekeswick.co.uk for further information

Hopefully this will give you an insight into why the results driven learning experience is different.
